ANNUAL REPORT

OF THE

FILM CLASSIFICATION BRANCH

FOR

1982

British Columbia
Ministry of Attorney General

HON. ALLAN WILLIAMS, Q.C.
Attorney General of British Columbia

M. L. MCCAUSLAND
Director of Film Classification

Honourable ALLAN WILLIAMS, Q.C.
Attorney General
Victoria, B.C.

SIR: I have the honour to lay before you a report of the business done in pursuance of the Film Classification Branch during the fiscal year ended December 31, 1982.

MARY-LOUISE McCAUSLAND
Director

February 15, 1983

INTRODUCTION

The *Motion Picture Act* of 1979 is the authority under which this Branch operates. All pictures to be shown to the public must first be submitted to the Director for classification. The three categories of classification are GENERAL, MATURE, and RESTRICTED. A warning indicating the possibly objectionable content of a film may be assigned as part of the classification.

The Annual Report of Film Classification is based on a calendar year. This year's report provides a five-year monthly and annual comparison for 1978 to 1982.

The number of films viewed in 1982 increased over 1981, due largely to the high submission of arcade material. In 1981 the number of arcade films dropped drastically, apparently as a result of the mass distribution of video. However, in 1982, the number of arcade films has returned to the substantial volume of earlier years.

Revenue has also increased. This is primarily due to an increase in the fee schedule which became effective January 1, 1982.

Although the percentage of films of Chinese origin appears to be large (see "Films By Ethnic Origin") this figure represents only first copies of feature-length films submitted for classification and has no bearing on the number of prints exhibited in the province. Expressed as a percentage of total revenue from classification (inspection) fees, Chinese films represent approximately 11%

I hope that you will find this report useful and informative.

MARY-LOUISE McCAUSLAND
Director
